

Map | Impact overview

This map highlights examples of impact in 2025

Nicaragua

Unions gained productivity bonus to boost sugarcane workers' wages and provided extra month's income.

Senegal

From 150 daily workers to 27 permanent jobs and union representation for workers at the COGECA/KIRENE quarry.

Guatemala

Regained space for first ever union in palm oil to represent workers' interests.

Colombia

Addressed impact of energy transition with the first formal space for sectoral negotiation.

Peru

Improved access to legal protection for subcontracted mine workers who are now affiliated to federation FENTECAMP.

Bolivia

Used evidence-based collective bargaining to gain wage adjustments aligned with the rising cost of living for sugarcane workers.

Europe

Our EU Single Entry Point complaint increased attention to labour rights in mining in Peru.

Mali

Following union advocacy the employers' contribution to the professional insertion of young people has been reinstated.

Cambodia

Created new unions and reinforced existing ones for agriculture, air transport, and informal workers.

Vietnam

Participation of major US and EU brands created prospects for better workplace dialogue.

Toolkit and video strengthening union skills to respond effectively to sexual harassment.

Niger

The committee for responsible business conduct monitors progress on agreed actions towards decent work in the onion sector.

Regional

West Africa
